

# Beaded Baby Album for Twins

**Designed by:**  
Treasure It™  
**Skill Level:**  
Intermediate

We feature the names of twin girls, but you can make this album for a single baby too. Adapt the design to suit your needs, using the bead and thread technique to make it beautiful.

## Materials needed:

- small white photo album with blank cover
- Kreinik 1/16" Ribbon 092 Star Pink
- Kreinik Tapestry #12 Braid 192 Pale Pink and 092 Star Pink
- Diamond Beadlets®
- 1/4-inch Treasure Tape™ roll
- 1-inch roll Treasure Tape
- 8" x 10" Treasure Tape sheet, cut to fit the cover of your album
- 4" x 6" Treasure Tape
- shallow pan or tray
- Printed pink decorative paper
- Baby name and date printed on white cardstock or decorative paper and trimmed to desired size
- white plain or printed cardstock, cut to be one inch smaller than your album cover

## Instructions:

1. Lay the 1-inch Treasure Tape roll around the edges of the album, to make a border. Remove the red liner to expose sticky top. Lay strips of your decorative pink paper on top.
2. Remove the white backing and lay the large piece of Treasure Tape on the front of your album. Remove the red liner to expose the top sticky area. Lay the white cardstock in the center.
3. Begin thread decorating by laying 1/16" Ribbon 092 Pink next to the white cardstock. Make decorative swirls in the corners with the pink ribbon, then make decorative curves with the 192 Pink Tapestry Braid all around the sides.
4. Lay the album in a shallow pan and cover remaining sticky areas with Diamond Beadlets®.
5. On the name cards, lay 1/4-inch Treasure Tape as a border. Remove red liner to expose sticky tape, and decorate with 092 Star Pink Tapestry #12 Braid in swirls or curls or similar lacy effect. Lay the card in the shallow pan and cover remaining sticky areas with Diamond Beadlets.
6. Cut 4" x 6" Treasure Tape sheet to fit the name cards, remove the white backing and apply to back of name card. Remove the red liner and attach name card to your album in desired location.
