

Folk Art Santa

DESIGNED BY LOIS WINSTON

MATERIALS NEEDED

- Kreinik Fine (#8) Braid in colors listed in color key
- Cotton Embroidery Floss in colors listed in color key
- #24 Tapestry Needle
- Tea towel in your choice of color, or your favorite fabric

INSTRUCTIONS FOR STITCHING

- Following the chart and color key, cross stitch the design centered on the fabric. Use one strand of Fine (#8) Braid or two strands of cotton floss where indicated for cross stitching.
- Use one strand of black cotton floss for the backstitching and for Santa's French Knot eyes. Use one strand of Emerald Green cotton floss to backstitch "Merry Christmas," and to create the French Knots at the tips of each letter.
- *Finishing Suggestions:* We stitched our model on a Charles Craft tea towel, but this design can be finished in a variety of ways, such as in a frame or stitched on a mug insert.

CARE INSTRUCTIONS

Kreinik Metallic Braids are machine and hand washable. Wash in cold water and tumble dry on low setting. When ironing a finished piece containing Kreinik Metallic Threads, do not iron directly on the metallic thread. Use a cloth. Do not use steam.

COLOR KEY

Kreinik Fine (#8) Braid
