

INSTRUCTIONS

Kreinik Iron-On Threads can be used on many surfaces including paper, fabric, wood and glass.

The instructions are the same for all:

Tools Needed:

- Craft or household iron covered with Kreinik Adhesive Press Cloth
- Kreinik Iron-On Thread
- Working Surface (pre-wash and dry fabric/garments)

Instructions:

1. Turn iron to high (cotton/linen setting) and let it heat thoroughly.
2. Place Kreinik Iron-On Thread at the starting point of your design. Press thread with the hot iron, holding for several seconds until the thread adheres. (If the thread does not adhere, the iron may not be hot enough.)
3. Continue this way, pressing the thread in sections, until the design is complete and the thread has adhered.
4. To finish, trim the thread, ironing the end to secure.

INSTRUCTIONS FOR WEARABLES

To decorate clothes, jeans, table runners, quilts or other washable items, we suggest the following:

- Pre-wash all fabrics, as the threads may not adhere as well to fabric with sizing or a finish on top.
- These colorful iron-on threads are not permanent. Turn your garment inside out and wash on gentle cycle, then tumble dry on low or hang to dry. Use mild detergent, no bleach. If the thread starts to come off, re-adhere using a hot iron.
- To make permanent, adhere the threads in your desired design, following the instructions in this brochure. Then couch (or tack down) the threads with a matching color thread or a clear monofilament thread either by hand or machine.

WHY DO YOU NEED AN ADHESIVE PRESS CLOTH?

This Adhesive Press Cloth is a fast and easy way to give a craft or household iron a non-stick surface. It will keep adhesive in the thread from sticking to your iron. It is available in three sizes: 2"x2", 2"x3", and 5"x9".

To apply, peel off the gold backing, stick the Adhesive Press Cloth to the plate of an iron, and trim the edges for a custom fit.

COLOR BUNDLES

For themed projects, gift sets, or starter collections

Winter
Wonderland
Spring
Break
Summer
Vacation
Harvest
Moon

Bundles also
include a
Kreinik
adhesive
press cloth

USE ON PAPER

Place markers, scrapbooks, cards, handmade papers, stamps...

DECORATE FABRIC

Use for art quilts, wall hangings, monogramming, ornaments, felt projects, cloth dolls, crazy quilts, with quilt stencils and heat transfers—and more.

"EMBROIDER" ON WOOD

Easy, fun way to transform blank wooden shapes from craft stores. Paint or decoupage, then decorate with iron-on threads.

EMBELLISH ANYTHING

The iron-on threads love a surface they can "grip" (rather than a smooth surface), so experiment on anything—it's fun!

Add sparkle to anything without messy glitter!

Kreinik

IRON-ON THREADS

Ideal for decorating cards, scrapbooks, home decor, frames, ornaments, wall hangings, pillows, art quilts and more

Use on fabric, paper, glass, wood

Looks like embroidery (but faster!)
