

Peace Pen

This is a quick-to-stitch cross stitch made with modern metallic threads. It's a colorful, creative, handmade gift with a message for all year.

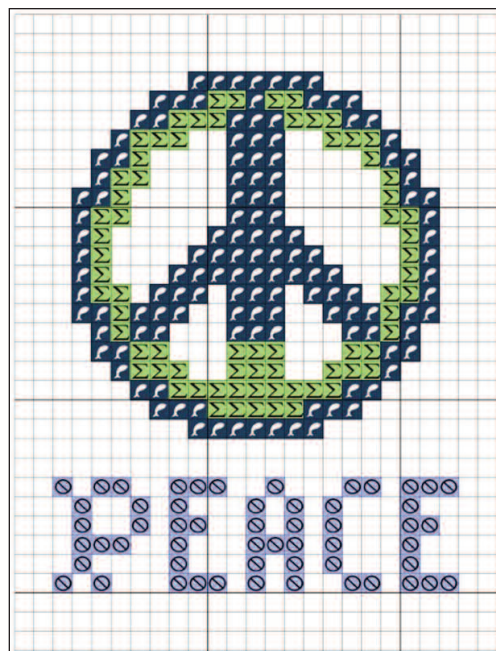

Instructions:

1. Cross stitch the design centered on your perforated paper using one strand of Braid following the color key and main graph. Use the Braid as it comes, straight off the reel don't separate it or combine strands.
2. When stitching is complete, remove the black top, wire clip and clear barrel of the pen. Measure your design to see if any perforated paper edges need to be trimmed. Then wrap your stitchery around the pen. Return the clear barrel, the metal clip, and the black top.
