The design is composed of cross and back stitches. Most stitches are a combination of either one or two threads over two with some detailed stitching with one-over-one. Each square on the chart equals one fabric thread.

- BORDER VINE: two-over-two backstitch with 0715 Dark Pecan
- HOLLY LEAVES: two-over-two cross stitch with 0434 Med. Moss Green
- HOLLY BERRIES: one-over-one cross stitch with 0634 Dark Dusk
- HEARTS: one-over-one cross stitch with 0423 Light Thyme Green
- VERSE: one-over-one cross stitch with 0423 Light Thyme Green
- PINEAPPLE LEAVES (top): two-over-two cross stitch with 0715 Dark Pecan
- PINEAPPLE BOTTOM: two-over-two backstitch with 0715 Dark Pecan
- PINEAPPLE BODY: one-over-two backstitch with 0633 Medium Dusk, then fill in with 0633 in Satin Stitch (1 strand)

- Care should be taken not to carry threads from one area to another, especially when working on linen.
- Threads should not be pulled especially when working over one thread. Constant and even tension will yield the best results.
- All cross stitches should be completed the same way (direction).
