

Resolutions Notebook

Buy inexpensive blank notebooks at places like Target or Dollar Tree and decorate with embroidery. Here we've used Kreinik metallic Braid in black—more eye-catching and bold than plain black cotton floss.

Instructions:

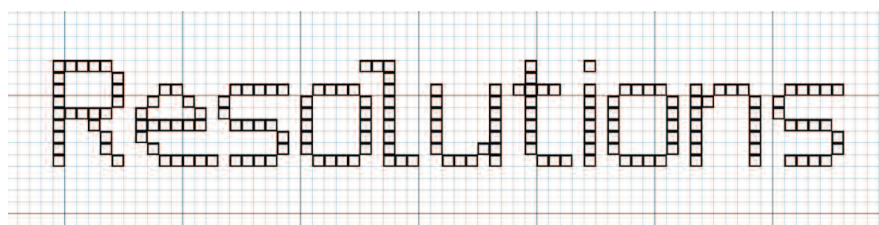

Cross stitch the design centered on your fabric using Kreinik Fine #8 Braid 005 Black.

When stitching is complete, trim as needed to fit onto your notebook. If desired, add a backer card (such as card stock or recycled holiday cards) using double-sided tape. Attach the stitched piece to your notebook using the double-sided tape.

Materials needed:

- Kreinik Fine #8 Braid 005 Black
- 14-count natural Aida (or your choice of color)
- #24 Tapestry needle
- Kreinik Treasure Tape, 1" double-sided tape
- Optional: cardstock or recycled holiday cards
- Blank notebook (like from Dollar Tree, Target, etc)

This is a fun way to use up scraps of stitching fabric leftover from previous projects.

The metallic threads make the letters pop.
