

Summer Silk Sampler

Designed by: Judy Lalanne
Skill Level: Intermediate

This is considered an intermediate design because it is stitched on a fine count of linen. You may also stitch the project on your favorite fabric. The stitches are simple and the silk thread can be used by beginners or advanced stitchers.

Materials needed:

- 7" x 8" piece of 35-count white linen, or your favorite fabric
- #28 Tapestry needle
- Kreinik Silk Mori in colors: 5097, 5055, 7014, 4166, 6106, 7012, 3013

Instructions:

If stitching on linen, each square on the chart equals two fabric threads. Stitch over two threads centered on your linen using one strand of Silk Mori for all cross stitches following color key. Use one strand of Silk Mori 6106 to backstitch the word "Summer" and one strand of Silk Mori 5097 to backstitch the windows.
