How to read a Kreinik thread label:

- Thread Name.** Some colors are in more than one size, so check the thread name to see which thread you have.
- Color Number.** Our numbers can be just numbers, or include a letter. The letters mean: L = Holographic, HL = Hi Lustre, C = Cord, V = Vintage, F = Fluorescent, W = Wired.
- Amount on the spool.** The "M" indicates the thread length in meters, so "10m" means 10 meters, "3m" means 3 meters, etc.
