

Little Miss Witch

DESIGNED BY PAM KELLOGG

This delightful little darling makes a perfect Halloween treat for any cross stitcher. It's quick and easy, and the glow-in-the-dark Kreinik braid makes it extra fun.

We stitched our model over two threads on Zweigart's 25-count Lugana (Gold/Sand), but you can also stitch it over one thread on a tan 14-count Aida. Or why not stitch it on 14-count waste canvas attached to a denim shirt or canvas tote bag and wear it around this Halloween.

About the designer, Pam Kellogg

Pam Kellogg learned to stitch from her mother and grandmother when she was about 8 years old. She still has the stamped dish towel that was her first project. Stitchery eventually became her passion and her career.

Pam began designing in 1989 when she couldn't find a particular pattern to stitch as a gift for a friend. Her local needlework shop hired her to do custom charts, then Pam eventually began submitting designs to publications. Her projects have since appeared in *The Cross Stitcher*, *Just Cross Stitch*, *The Needleworker* and more.

Nature, the holidays, the seasons, and cats inspire Pam's design ideas. Pam thinks beyond the 'picture' as she works, considering how threads can bring the design to life. "Kreinik threads are so much fun to work with and so versatile with all the color options and thicknesses that they are available in," Pam says. "Not only do they add sparkle, but they're wonderful for creating texture as well."
