

Race Car

DESIGNED BY MARY COSGROVE FOR KREINIK

Materials needed for one car

- Kreinik Heavy (#32) Braid™ in 005HL Black Hi Lustre, 100HL White Hi Lustre, 003HL Red Hi Lustre
- 10-mesh plastic canvas (such as QuickCount® by Uniek).

You will need to cut pieces for the following: two cars 31 x 11 holes ←

- Four black pony beads for the tires
- Plastic canvas needle (#18)
- Scissors
- Craft glue (such as Gem-Tack™ Permanent Adhesive by Beacon™)

Instructions

1. Carefully cut canvas according to graphs.
2. Using the color key and photo as a guide, work one (side of the) car and then reverse the canvas to stitch the second (side of the) car.
3. Work white stripe on car in slanted gobelin stitches.
4. Work the rest of the car in continental stitches.
5. Add one long straight red stitch to center of white stripe on each car at (•).
6. Overcast bottom edges of each car with red and then, holding wrong sides of matching edges of car together, whipstitch sides and top of car.
7. Glue two black pony beads to bottom of each side of the car (indicated by large circles).
