Stitch Guide for Quilt Block Menorah GS116- Kreinik version

General Directions:

This Guide includes a “Road Map” of your canvas, identifying each area to be stitched. The thread, number of strands and stitch used are listed, as well as a diagram. Remember, when more than one strand is used in your needle, you need to lay the threads flat with your laying tool. You should also use your laying tool when stitching with multiple strands (such as Silk Mori) or Kreinik 1/8th ribbon metallic.

We hope you have as much fun stitching this, as we had designing it.

Happy Stitching!

Renee and Michele
