

# Simply Bee designed by Amy Law

## You will need:

28-count "Open Window" linen,  
natural color, by Graziano

Kreinik Silk Mori®, Kreinik Cord™, and  
Kreinik Blending Filament™ as listed in  
the Color Key

#24 Tapestry needle

## Instructions:

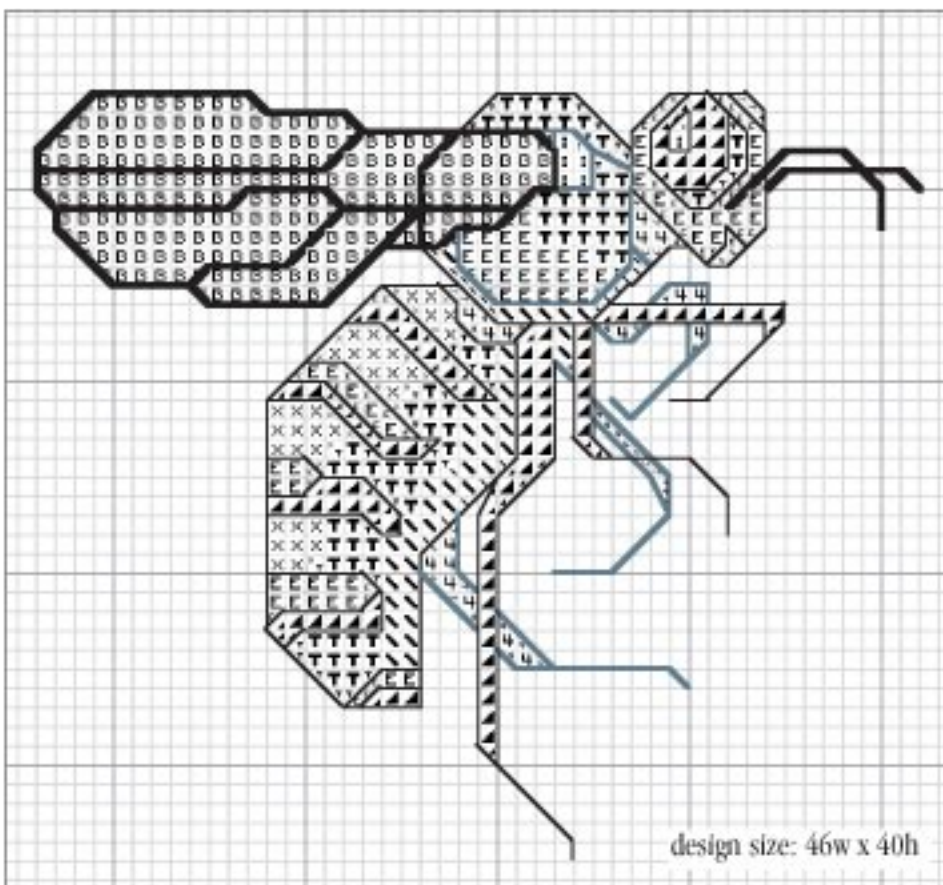

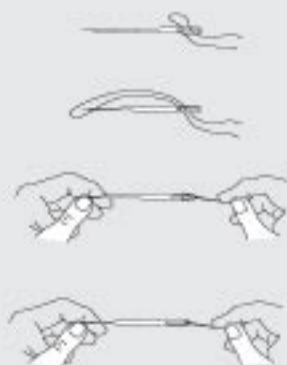

Each square on the chart equals two  
fabric threads. Stitch this design over  
two on the 28-ct linen, centered in one  
of the squares.

Cross stitch over two threads  
according to the color key using  
TWO STRANDS of Silk Mori. Cross stitch the  
wing with ONE STRAND Mori combined  
with ONE STRAND Blending Filament.

To finish as a placemat, trim the fabric  
to desired size, and hem each side. Do  
not iron directly onto the metallic  
threads; use a press cloth and  
do not use steam.

## Top tip:

To keep Kreinik Blending Filament or  
Kreinik Cord on your needle as you  
stitch, knot it as shown in the  
diagram below.
