

Glow-In-The-Dark Star Ornaments

Designed by Angie Wilhite

Materials needed:

- Kreinik Very Fine (#4) Braid in 054F Lemon-Lime
- Felt pieces (we used CPE felt; their item numbers are in parenthesis): 4" x 8" red (0543), 4" x 8" emerald (0500)
- 4" x 8" Pellon® Wonder-Under™ transfer web
- 4" x 8" Pellon® Fusible Fleece
- Five 10mm crystal acrylic faceted stones (from The Beadery®)
- Five 8mm ruby acrylic faceted stones (from The Beadery®)
- Beacon™ Gem-Tac™ permanent adhesive
- Pressing cloth

Instructions:

(Cover felt with pressing cloth before fusing)

1. Print out these instructions and cut out the star template.
1. Cut red and green felt into two 4" x 4" pieces. Following manufacturer's directions, apply transfer web to one side of a 4" x 4" red felt piece and 4" x 4" green felt piece. Remove paper backing. Following manufacturer's directions, apply fusible fleece to the other red and green felt pieces. Position red and green felt pieces wrong sides together and fuse.
2. Pin star pattern to red and green felt. Cut out stars.
3. Thread 20-inch length of Very Fine Braid 054F on a needle. Sew a small knot in back of star at point 1. Help your child wrap the thread around the star following the numbers. Sew a small knot in back of star at point 10. The thread will form a star on the felt star shape.
4. Glue a crystal stone to center of red star. Glue a crystal bead on each rounded section of star. Repeat procedure with ruby stones on green star.
5. Cut a 10-inch length of lemon-lime braid for each ornament. Fold thread in half. Sew a knot on back side of top of star. Insert needle by knot and pull up thread to measure 6.5 inches for hanger. Sew knot on back side of top of star. Trim threads.
