- #24 Tapestry needle

## Her Version:

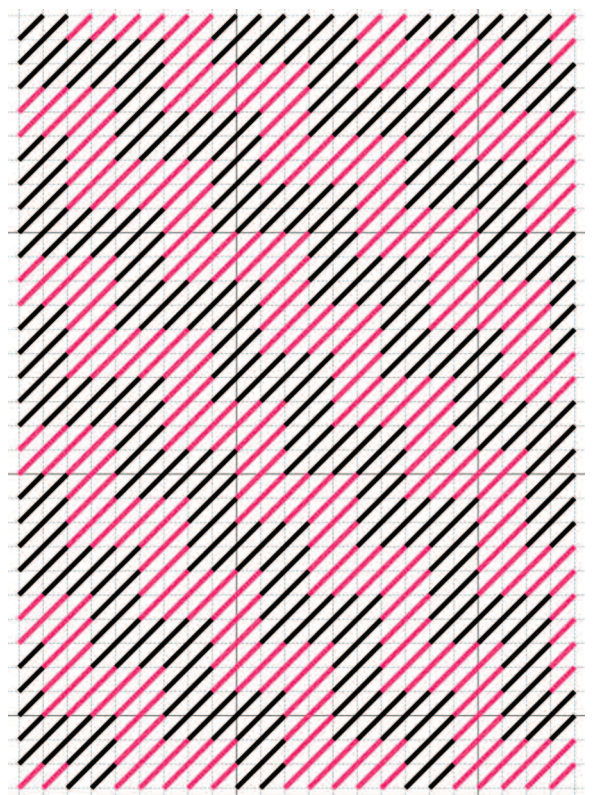

- Kreinik Make-A-Pen with white perforated paper
- Kreinik Fine #8 Braid 5505 Red Pepper (pink lines on the chart) and 5760 Marshmallow (black lines on the chart)
- #24 Tapestry needle

Stitch each design centered on your perforated paper. When stitching is complete, trim if needed to fit inside barrel of pen. Unscrew the black cap from the pen, remove the silver clip, then remove the clear barrel. Wrap the stitchery tightly around the barrel. Put the clear barrel back on, over your work, then slip on the silver clip, and screw on the back cap.
