

# Pink Paper Heart Card

A Kreinik website design by Amy Law

Skill Level: Beginner

Design Size: 4 1/2" by 5 1/2"

Combine rubber stamping with iron-on (fusible) threads to embellish a one-of-a-kind Valentine's Day card (for the extra special someone).

## MATERIALS:

- Pink and White Cardstock
- Red Texture card- Paper Reflections Note Cards
- Berol Prismacolor Pencils: PC 926 Carmine Red, PC929 Rose, PC 930 Magenta, PC1014 Deco Pink
- Heart Stamp: Rubber Stampede No. A2009E outline Heart
- Rubber Stampede Crystal Dye-Base Ink Pad No. 14508-02 Burgundy
- Kreinik Iron-on #16 Braid in 6100 Carnation
- Kreinik Iron-on 1/8" Ribbon in 6130 Red
- Household Iron or Mini Iron
- Kreinik Teflon Press Cloth

## DIRECTIONS:

1. Stamp your heart onto a piece of white cardstock. Let the ink dry.
2. With your iron, embellish the heart pattern with your threads. The outer edge and inner borders of this stamp make easy guides for you to follow with the Iron-ons. Trim the ends of your thread when finished.
3. Using the colored pencils, color in the rest of your heart.
4. Cut out your design, following the outside edge of the heart as closely as possible.
5. Cut two pieces of cardstock, one pink and one red, and mount the smaller one onto the larger one.
6. Using the Iron-ons, make a swirl design on the cardstock. Trim your ends.
7. Mount your decorated heart on the cardstock wherever you wish. Then mount the whole design on the front of your note card. Your card is finished!
