Instructions:

Step 1:

Trim the Ashford Floral Stripe paper to 11 1/2 x 11 1/2. Adhere this paper to the Ashford Linen paper with the Memory Dots.

Step 2:

Cut 2 pieces of Burgundy Swede paper, 9x9 corner sections. Cut off 1 corner 1 3/4 inch. Lower Left. Cut off 1 corner 1 1/2 inch. Upper right. Cut off 1 section 6 1/2 inches just below the upper right corner, on the right side of the page. See the photo for guidance. Adhere the Burgundy Swede pieces to the Ashford floral Stripe paper with the Memory Dots.

Step 3:

Set the iron on high, making sure that it is hot before you start pressing the ribbon. Measure and cut enough pink iron-on ribbon to outline the Burgundy Swede paper. Place the Teflon cloth over the pink ribbon, press ribbon on to edges, Swede and paper, using the tip of the iron only.

Step 4:

Make the Tags and Photo Mats. Cut 3 pieces of cardstock, 1 3/4 inch x 3 1/2 inches long. Trim 3/4 inch off two corners. Punch a 1/8" diameter hole in the center between the two angles, forming the tag. Cut 2 pieces of cardstock 3 1/4 x 3 1/2 inches. Crop two photos 1/8" smaller than the photo mats. Adhere photos to the photo mats, and the photo mats to the Burgundy Swede paper.

Step 5:

Cut 3 pieces of the pink iron-on ribbon, 3 inches long. Using a slipknot, tie 1 piece onto each tag from step #4. Place and adhere the tags on the page.

**Step 6:**

Crop the small photo to fit the decorative frame, adhere photo on the Burgundy paper. Use double glue-dots to adhere the frame over the photo.

Step 7:

Use the pink iron-on ribbon and form a flower out of 1-inch loops. Do not cut ribbon. Place the flower on the page and cover with the Teflon cloth, hold iron for 15 to 20 seconds in the center of the flower, remove iron. Make a swirling stem down the page. Using the Teflon cloth, iron the flat sections only. See photo for guide. Adhere the 15mm mirror to the center of the flower.

**Step 8:**

Place the mouse pad, topside down, under 1 corner of the page, place 1 rose nailhead on the paper, and with even pressure, push down and through the paper. Turn the page over onto a hard flat surface, and push the nailhead leads flat to the paper. Repeat the process with remaining 3 nailheads.

**Step 9:**

Use computer font for journaling. Print on matching cardstock. Cut Fonts to 1 1/4 x 2 3/4, center on tag and adhere with Memory glue-dots.
