

CONVERT IT Pearsall's Silk to Kreinik Silk Mori®

Recent news suggests that Pearsall's Silk (Filoselle) is being discontinued. Pearsall's Silk (Filoselle) is a 6-strand filament silk floss that comes in 300+ colors. Kreinik Silk Mori is a 6-strand spun silk floss that comes in 200+ colors. So there are some differences between the two, and some colors are hard to match. However designers indicate that Silk Mori may be substituted for the Pearsall's when needed. The chart below lists the closest matches between the two silks. When exact matches are not available, we have substituted the closest color families.
