

Regal Scissor Keep

Materials needed:

- Kreinik Very Fine #4 Braid in 010HL Steel Grey and 002V Vintage Gold
- Trinkets™ perforated paper Confection shape (two)
- Tapestry #24 needle
- Tapestry #22 needle
- Kreinik 1/16" Ribbon in 002V Vintage Gold and 052HL Bronze Hi Lustre

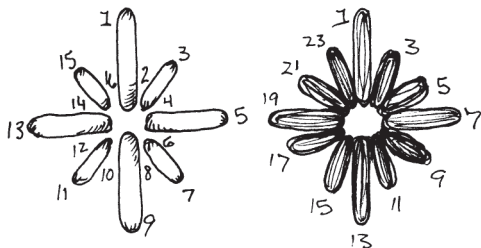

Instructions:

1. Stitches are all Diamond Eyelets. Start at the top of the Confection shape and stitch your way down, compensating as necessary in stitches along the side.
2. When stitching is complete, attach the backer Confection shape by stitching the two together using the large tapestry needle (size #22) and the 1/16" Ribbon colors. In our model, we left a long tail at the start and finish, to tie into bows.
3. Use your stitched design to hold your small embroidery scissors.
