

Christmas Memories

designed by Sharon from Pennsylvania

One decorator friend reminds us to add a Christmas touch to every room—putting decorations in the bathroom, laundry room, inside the closet...everywhere! Your home will be a magical place. For extra fun, and easy decorations, hang scrapbook pages around your home, celebrating Christmas memories and people.

Sharon K of Pennsylvania created this festive, special page for a little girl. This is a simple page to do, with simply easy embellishments. (It also makes a great gift for grandparents or other family members.)

The Kreinik Medium Braid adds light and color play. Use it in long stitches for a fan effect, and in the buttonhole stitch around cut-out squares. Tape the ends of the Braid on the back to secure.

Get some Kreinik Medium (#16) Braid in holiday colors to match your papers and pictures, such as 008 Green, 002 Gold, 001 Silver, 238 Christmas, or 203 Gold Flame.
